Discussion

Retail Incentive.

Mr. Rodger Gray presented the details of a proposed retail incentive to the Commission. Mr. Gray stated a retail incentive is a program that would reimburse a developer with Gross Receipts Taxes (GRT) directly attributable to construction activities associated

with the project it is developing. Mr. Gray stated this would assist the developer to reduce the monthly rent to retail tenants and make it more affordable. He stated as an example, the strip mall on the corner of Joe Harvey Blvd. and Grimes remains empty because the rent is not affordable due to the cost of construction.

Mr. Efren Cortez, City Attorney, stated high rental cost for retail facilities is a common problem throughout New Mexico. He stated other municipalities, such as Alamogordo, New Mexico, have Retail Incentive Programs in the form of a Gross Receipts Investment Program (GRIP). Mr. Cortez stated this program assists the developers by reimbursing them with GRT directly attributable to construction activities associated with the project.

Mr. Gray stated the retail incentive could also give a portion of the sales tax from merchandise back to the developer for a defined period of time, typically five years. He stated investors want a return on their investment. Mr. Gray stated this would benefit the City as new businesses would develop in the community and increase the amount of GRT being received.

Mayor Cobb thanked Mr. Gray for the information presented.

Mr. Anthony Maldonado, Street Superintendent, explained the contract and stated the streets that would be recycled for FY 2019 include: Industrial, Enterprise, Commerce, Jefferson, Brazos, Dalmont, Fowler, McKinley, Houston, Selman, Morris, Dunnam, White, Byers, and Dal Paso. He explained that the chip seal process has not proven to be a very user friendly process. He stated the hot in-place recycling is quicker, cleaner and much better for the traffic as it only affects traffic for one day rather than three full days with the chip seal process. Mr. Maldonado stated it is also more economical for the City. He stated the proposed contract cost with Dustrol is \$436,712.03.

There being no further discussion, Commissioner Newman moved to approve a contract with Dustrol, Inc., for the Hot In-Place Asphalt Recycling of Various City Streets in the amount of \$436,712.03 as presented. Commissioner Mills seconded the motion and the vote was recorded as follows: Newman yes, Mills yes, Taylor yes, Calderón yes, Penick yes, Gerth yes, Cobb yes. The motion carried. A copy of the supporting documentation is attached and made a part of these minutes

Resolution No. 6707 - Authorizing Budgetary Adjustment #1 for FY 2018-2019.

Mr. Spears stated the budget is prepared prior to the beginning of the fiscal year and it becomes necessary to adjust the budget for items not contemplated at the time of its preparation, or for issues that arise during the fiscal year. He stated the budgetary adjustments are increases to expenditures and revenue accounts as well as cash transfers between funds. He stated the total expenditures will be increasing by \$832,281.62; total revenues will be increasing by \$553,250.00; and the ending cash balance for all funds will reduce from \$52,041,026.15 to \$51,762,014.53 which is a net decrease of \$279,011.62. Mr. Spears stated the reserve balance remains at 32%.

Commissioner Newman stated he was not made aware by City staff of reclassification of the Administration Services Director position to a position in the Parks and Recreation Department that is included in the Budgetary Adjustment #1.

Following a brief discussion about the reclassification, Commissioner Penick moved to approve Resolution No. 6707 as presented. Commissioner Calderón seconded the motion and the vote was recorded as follows: Newman no, Mills yes, Taylor yes, Calderón yes, Penick yes, Gerth yes, Cobb yes. The motion carried. Copies of the resolution and supporting documentation are attached and made a part of these minutes.

Resolution No. 6708 - Approving the FY 2020-2024 Infrastructure Capital Improvement Plan (ICIP).

Mr. Kevin Robinson, Development Director, stated the Infrastructure Capital Improvement Plan (ICIP) projects were reviewed and approved at the July 31, 2018, special meeting of the City of Hobbs Planning Board. He stated the Commission held a Work Session at 5:00 p.m. today to discuss the ICIP Top 10 Projects. Each of the Commissioners were asked to rank their top projects. Mr. Randall collected individual ranking tally sheets from each Commissioner.

While Mr. Robinson and Mr. Randall were tallying the Top 10 Projects, Mr. Spears stated the City received its GRT revenues for the month of June, 2018, in the amount of \$5.4 million. He stated this is one of the highest amounts received since the downfall of the economy. Mr. Spears stated retail revenues increased by \$100,000.00 and mining increased by \$500,000.00. He stated revenues for Lodgers' Tax are in the amount of \$240,000.00.

After the calculation of the project rankings, the Top 5 projects are ranked as follows:

- ▶ WWRF Effluent Reuse Project
- ▶ Sewer Main Replacement Program
- ▶ Citywide Wireless Internet
- ▶ Community Housing
- ▶ Drainage Master Plan

There being no discussion, Commissioner Mills moved that Resolution No. 6708 be adopted with the Top 5 projects as recommended. Commissioner Penick seconded the motion and roll call vote was recorded as follows: Newman yes, Mills yes, Taylor no, Calderón yes, Penick yes, Gerth yes, Cobb yes. The motion carried. A copy of the resolution, Top 5 project list and ranking sheets of Commissioner are attached and made a part of these minutes.

Resolution No. 6709 - Approving and Adopting the Market Rate Multi-Family and Single Family Unit Production Municipal Infrastructure Reimbursement Incentive Program for FY 2019.

Mr. Robinson explained the Market Rate Incentive Program for FY 2019. He stated the Market Rate Multi-family and Single Family Unit Production Incentive Program is based upon past development agreements and programs approved and adopted by the Commission, and reflect those tenants within past development agreements and Programs that staff feels were deemed desirable by the Commission. Mr. Robinson stated Paragraph No. 5 requires that all Developers shall attest that no less than 40% of the delivered product was sourced through vendors within Lea County.

After a lengthy discussion regarding the difficulty to attest that 40% of the delivered product being sourced through vendors is within Lea County, Mr. Cortez stated if the it is the desire of the Commission to amend the resolution, he would recommend voting on the amendment first with a motion and a second. Once the amendment is adopted, the resolution and amended agreement would need a motion, second and a vote for final approval.

Commissioner Penick moved to amend Resolution No. 6709 to remove the language from Paragraph 5 that "All Developers shall attest that no less than 40% of the delivered product was sourced through vendors within Lea County". Commissioner Mills seconded the motion and the vote was recorded as follows: Newman yes, Mills yes, Taylor yes, Calderón yes, Penick yes, Gerth yes, Cobb yes. The motion carried.

Copies of the resolution and supporting documentation are attached and made a part of these minutes.

Resolution No. 6710 - Approving a Development Agreement with Gold Creek Homes Concerning the Development of Market Rate Single Family Housing.

Mr. Robinson stated the attached development agreement is based on the new Market Rate Single Family Housing Incentive which includes the clause "All Developers shall attest that no less than 65% of the delivered product was sourced through vendors within Lea County". As voted upon by the Commission, Mr. Robinson stated this language needs to be removed from the contract as well. He stated this agreement was set at 65% because it is a Market Rate Single Family Housing.

Mayor Cobb called the work session to order and welcomed everyone in attendance. The following were present:

Mayor Sam D. Cobb
Commissioner Marshall Newman
Commissioner Christopher Mills (*Arrived at 5:10 p.m.*)
Commissioner Pat Taylor
Commissioner Joseph D. Calderón
Commissioner Dwayne Penick (*Arrived at 5:25 p.m.*)
Commissioner Don Gerth

Also present were Acting City Manager/Fire Chief Manny Gomez, Mr. Efren Cortez, City Attorney, Ms. Jan Fletcher, City Clerk and Ms. Mollie Maldonado, Deputy Clerk. Other staff members and public were also present.

Mayor Cobb stated the purpose of this Work Session is to discuss the Top 10 Projects for the Infrastructure Capital Improvements Plan (ICIP). He thanked Mr. Guy Kesner, Planning Board member, for his attendance at tonight's meeting.

Discussion of the Top 10 Projects for the FY 2020 - 2024 Infrastructure Capital Improvements Plan (ICIP).

Mr. Kevin Robinson, Development Director, stated the following list is the Top 10 Projects for the FY 2020-2024 Infrastructure:

1. Sewer Main Replacement Program
2. WWRF Effluent Reuse Project
3. New Municipal Detection Facility
4. Citywide Wireless Internet
5. West College Lane Realignment
6. Drainage Master Plan
7. Community Housing Projects'
8. West Bender Widening Projects
9. West Hobbs Industrial Park
10. Projection of Central, Commerce and Industrial

Mayor Cobb requested Mr. Robinson to discuss projects that will be an economic benefit to the community for prioritization purposes.

Mr. Robinson stated Item #10 is the projection of Central, Commerce, Industrial and Highway 62/180. He stated Central is a minor collector connecting Lovington Highway and Hobbs boundaries. Mr. Robinson stated there is available property on Lovington Highway that has single access to Lovington Highway. He stated an additional crossing at Central would eliminate traffic from the Lovington Highway. Mr. Robinson further stated Central would be the connector to Lovington Highway and Joe Harvey Boulevard. Mr. Todd Randall, City Engineer, explained all the connecting corridors. Mayor Cobb stated this would create commercial business on the Lovington Highway while allowing the traffic to be diverted from the Lovington Highway.

Commissioner Taylor stated she prefers construction to be done on the South Bypass which would remove all big vehicles from the Lovington Highway and other roads. Mayor Cobb disagreed.

Commissioner Newman questioned the benefit of the Citywide Wireless Internet project. Mr. Robinson stated it is in a form of a ring of fiber and will benefit the City as employees who are working in the field and City buildings need access to the internet.

Mr. Ron Roberts, I.T. Director, stated Del Norte Park has wireless internet in the pool facility. He explained bandwidth is a concern when using wireless internet.

Commissioner Mills stated that Item # 3 New Municipal Detention Facility has been on the Top 10 ICIP for several years. He stated with the new State law that passed allowing defendants to be released within four hours of being arrested due to not having any means to bail out of jail, there are not enough prisoners to justify a new detention facility. He stated it would be more beneficial for inmates to be put on an electronic monitoring device which is more economical. Commissioner Mills stated he is aware the current jail facility is in need of an update.

Deputy Chief Brian Dunlap reviewed a comparison of statistics on the number of inmates the City of Hobbs has housed. He stated there is really not much of a difference since the new State law became effective. Deputy Chief Dunlap stated the jail was originally built in the 1950's.

Acting City Manager/Fire Chief Manny Gomez stated the current facility is not ADA compliant and is badly in need of an update. He stated there is a current budget balance amount of \$500,000.00 for the Detention Facility. Acting City Manager/Fire

Chief Gomez stated it is his recommendation to do a feasibility study to determine what is needed in Hobbs for a municipal detention facility.

Mr. Robinson stated it is important what capital outlay projects are submitted as the Top 10 ICIP projects because the New Mexico Legislature will only fund those capital projects, if and when funding is available.

Commissioner Gerth questioned if Item #8 West Bender Widening Projects will be constructed prior to the Drainage Master Plan. Mr. Robinson stated those two projects are not dependent upon one another. He stated one project can be done before the other.

There being no further discussion, the work session adjourned at 5:50 p.m.

RESOLUTION NO. 6711

A RESOLUTION SUPPORTING HOLTEC INTERNATIONAL'S EFFORT TO BUILD AN INTERIM STORAGE FACILITY FOR SPENT NUCLEAR FUEL IN SOUTHEASTERN NEW MEXICO AND ELEA'S BECOMING A PARTY TO THE NRC ADJUDICATORY HEARING.

WHEREAS, the 2013 report for the President's Blue-Ribbon Commission on America's Nuclear Future strongly recommended that one or more consolidated interim storage facilities be established to temporarily store the spent nuclear fuel generated by America's nuclear fleet, which generates approximately twenty percent of the electricity in the United States; and

WHEREAS, Holtec International's sub-surface system, known as UMAX, is already certified by the Nuclear Regulatory Commission; and

WHEREAS, design, construction, safety, security, financial assurance and technical control, as well as the complete process for storage, must be overseen and approved by the Nuclear Regulatory Commission; and

WHEREAS, more than 2,000 shipments of spent fuel have occurred in America over the past thirty years without incident; and

WHEREAS, the City of Hobbs believes the Holtec International consolidated interim storage facility will create approximately two hundred highly paid jobs and will provide a \$2,400,000,000 capital investment in southeastern New Mexico; and

WHEREAS, southeastern New Mexico is home to the URENCO USA facility and the WASTE ISOLATION PILOT PLANT (WIPP) and benefits from a positive relationship

with the first enrichment facility to be built in the United States in 30 years, as well as the only licensed Nuclear Repository in the United States; and

WHEREAS, the dry, remote southeastern corner of New Mexico is ideal for such temporary storage. A pre-existing scientific and nuclear operations workforce exists in the area, and a community that is open-minded and supportive of safe, secure nuclear projects. ELEA's property, located in Lea County, is a well characterized excellent location for an interim storage facility; and

WHEREAS, Holtec International filed its application for a license to construct and operate the HI-STORE Consolidated Interim Storage Facility in Lea County, New Mexico, on March 30, 2017. On July 16, 2018, the Nuclear Regulatory Commission published a notice of opportunity to request a hearing and petition for leave to intervene; and

WHEREAS, 10 C.F.R. 2.315(c) calls for the presiding officer in an adjudicatory proceeding to "afford an interested State, local governmental body (county, municipality, or other subdivision), and Federally recognized Indian Tribe that has not been admitted as party under P 2.309, a reasonable opportunity to participate in a hearing."

NOW, THEREFORE, BE IT HEREBY RESOLVED by the governing body of the City of Hobbs, that the City of Hobbs request permission to participate in these proceedings as an interested party as the local governmental body in whose jurisdiction the proposed site sits. The City of Hobbs has expectation of a large capital expenditure to build and develop the facility, economic development that will employ its citizens, and benefit from any future nuclear development, science and research activities; and

BE IT FURTHER RESOLVED, the City of Hobbs designates GARRY BUIE as its single representative for the hearing, and directs the Mayor on behalf of the governing body of the City of Hobbs to execute the petition to participate as an interested local governmental body and as an interested party in the proceeding on the HI-STORE application, if one is initiated.
