FOR IMMEDIATE RELEASE

Hobbs Express to Continue Suspension of Green Route Due to COVID-19 Exposures

Hobbs Express is regretfully announcing a continuance of the temporary suspension of their Green Route until further notice. However, the facility has reopened (424 West Broadway, Hobbs, NM 88240), and public transportation for the Demand Response-paratransit bus service and the Orange Route will run as normal.

We understand the inconvenience this may cause members of the public, and we want them to know we look forward to returning to full service as soon as it is safe for both the public and staff to do so. This suspension and closure are the result of an abundance of caution and follows the City's established COVID Safe Practices. The safety of employees and customers alike is of paramount importance during this time.

Future updates will be made public as more information is gathered.
