12-5-1 AUTHORITY TO INSTALL TRAFFIC-CONTROL DEVICES.

The administrator shall place and maintain such traffic-control devices as necessary to carry out the provisions of this ordinance and to regulate, warn or guide traffic. (*)

12-5-2 MANUAL AND SPECIFICATIONS FOR TRAFFIC-CONTROL DEVICES.

The administrator shall place and maintain such traffic-control devices upon streets under their jurisdiction as they may deem necessary to indicate and to carry out the provisions of this ordinance or to regulate, warn or guide traffic. All such traffic-control devices hereafter erected shall conform to the state manual and specifications. (66-7-103 NMSA 1978)

12-5-3 OBEDIENCE TO REQUIRED TRAFFIC-CONTROL DEVICES.

The driver of any vehicle shall obey the instructions of any official traffic-control device applicable thereto placed in accordance with the provisions of this ordinance, unless otherwise directed by a traffic or police officer, subject to the exceptions granted the driver of an authorized emergency vehicle in this ordinance. (66-7-104 NMSA 1978)

12-5-4 WHEN OFFICIAL TRAFFIC-CONTROL DEVICES REQUIRED FOR ENFORCEMENT PURPOSES.

No provision of this ordinance for which signs are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official sign is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section does not state that signs are required, such section shall be effective even though no signs are erected or in place. (66-7-104 NMSA 1978)

12-5-5 **OFFICIAL TRAFFIC-CONTROL DEVICES--PRESUMPTION OF LEGALITY.**

A. Whenever official traffic-control devices are placed in position approximately conforming to the requirements of this ordinance, such devices shall be presumed to have been so placed by the official act or direction of lawful authority, unless the contrary shall be established by competent evidence.

B. Any official traffic-control device placed pursuant to the provisions of this ordinance and purporting to conform to the lawful requirements pertaining to such devices shall be presumed to comply with the requirements of this ordinance, unless the contrary shall be established by competent evidence. (*)

12-5-6 **LIGHTS AND THEIR APPLICATION TO VEHICLES AND PEDESTRIANS.**

Whenever traffic is controlled by traffic-control signals exhibiting different colored lights, or colored lighted arrows, successively one (1) at a time or in combination, only the colors green, yellow and red shall be used, except for special pedestrian control signals carrying a word legend, and the lights indicate and apply to drivers of vehicles and pedestrians:

A. Green alone:

(1) vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at the place prohibits either turn. Vehicular traffic, including vehicles turning right or left, shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time the signal is exhibited; and

(2) pedestrians facing the signal may proceed across the street within any marked or unmarked crosswalk.

B. Yellow alone when shown following the green signal:

(1) vehicular traffic facing the signal is warned that the red signal will be exhibited immediately thereafter and the vehicular traffic shall not enter the intersection when the red signal is exhibited except to turn right as hereinafter provided; and

(2) no pedestrian facing the signal shall enter the street until the green is shown alone unless authorized to do so by a pedestrian "walk" signal.

C. Red alone:

(1) vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if there is no crosswalk, then before

entering the intersection (66-7-105 NMSA 1978), and shall remain stopped until permitted to proceed by a green light or arrow (*), or may then turn right after standing until the intersection may be entered safely, provided that such vehicular traffic shall yield the right of way to all pedestrians and vehicles lawfully in or approaching the intersection.

Whenever the administrator determines on the basis of an engineering and traffic investigation that a turn as hereinabove provided should be prohibited at a particular intersection, such turn may be prohibited by the posting of signs at the intersection indicating that such a turn is prohibited; and

(2) vehicular traffic on a one-way street facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if there is no crosswalk, then before entering the intersection, and if a left turn onto a one-way street in the proper direction is intended, may turn left after stopping until the intersection may be entered safely, provided that such vehicular traffic shall yield the right of way to all pedestrians and vehicles lawfully in or approaching the intersection;

(3) whenever the administrator determines on the basis of an engineering and traffic investigation that a turn as hereinabove provided should be prohibited at a particular intersection, such turn may be prohibited by the posting of signs at the intersection indicating that such a turn is prohibited; and

(4) no pedestrian facing the signal shall enter the street until the green is shown alone unless authorized to do so by a pedestrian "walk" signal.

D. Red with green arrow:

(1) vehicular traffic facing the signal may cautiously enter the intersection only to make the movement indicated by the arrow, but shall yield the right of way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection;

(2) no pedestrian facing the signal shall enter the street unless he can do so safely and without interfering with any vehicular traffic.

E. If an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section apply except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking, the stop shall be made at the signal.

F. When a sign is in place permitting a turn, vehicular traffic facing a steady red signal may cautiously enter the intersection to make the turn indicated by the sign after stopping as required by Subsection C (1). Vehicular traffic shall yield the right of way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection. (66-7-105 NMSA 1978)

12-5-7 PEDESTRIAN CONTROL SIGNALS.

A. Whenever special pedestrian control signals exhibiting the words "walk" or "don't walk" are in place:

(1) "walk" indicates that pedestrians facing the signal may proceed across the street in the direction of the signal and shall be given the right of way by drivers of all vehicles; and

(2) "don't walk" indicates that no pedestrian shall start to cross the street in the direction of the signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to a sidewalk or safety island while the "don't walk" signal is showing.

B. A person who violates the provisions of this section is guilty of a penalty assessment misdemeanor. (66-7-106 NMSA 1978)

12-5-8 FLASHING SIGNALS.

A. Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

(1) flashing red (stop signal)--when a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked, or, if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign; or

(2) flashing yellow (caution signal):-when a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

B. This section does not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in Sections 12-6-7.5 - 12-6-7.8 of this ordinance.

C. A person who violates the provisions of this section is guilty of a penalty assessment misdemeanor. (66-7-107 NMSA 1978)

12-5-9 LANE-DIRECTION-CONTROL SIGNALS.

When lane-direction-control signals are placed over the individual lanes of a street, vehicular traffic may travel in any lane over which a green signal is shown, but a vehicle shall not enter or travel in any lane over which a red signal is shown. (*)

12-5-10 DISPLAY OF UNAUTHORIZED SIGNS, SIGNALS OR MARKINGS.

A. No person shall place, maintain, or display upon or in view of any street any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts

to direct the movements of traffic, or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal, and no person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

B. Every such prohibited sign, signal or marking is hereby declared to be a public nuisance and the administrator is hereby empowered to remove the same or cause it to be removed without notice.

C. A person who violates the provisions of this section is guilty of a penalty assessment misdemeanor. (66-7-108 NMSA 1978)

D. The provisions of this section shall not prohibit the erection of signs upon private property adjacent to streets if the signs give useful directional information and are of a type that cannot be mistaken for official signs. (*)

12-5-11 **INTERFERENCE WITH OFFICIAL TRAFFIC-CONTROL DEVICES OR RAILROAD SIGNALS.**

A. No person shall, without lawful authority, attempt to or in fact alter, deface, injure, knock down, or remove any official traffic-control device or any railroad sign or signal or any inscription, shield, or insignia thereon, or any other part thereof. (66-7-109 NMSA 1978)

B. No person shall hide or obscure any official traffic-control device or railroad sign or signals by parking a vehicle or erecting any object or by allowing bushes, hedges, trees or other vegetation to grow so as to obscure traffic-control devices or railroad signals. An obstruction includes, but is not limited to, any sign, fence, ornament, hedge, shrub, tree or display, but it does not include a building.

C. Unobstructed vision for traffic safety shall be maintained by the property owner or occupant on all corner lots regardless of the zone classification. No obstruction between three and eight feet above the street level shall be placed or maintained within a triangular area bounded by the street property lines of the corner lot and a line connecting the points 25 feet distant from the intersection of the property lines of such lot.

D. Every obstruction interfering with official traffic-control devices or railroad signals is a public nuisance, and the administrator may remove the obstruction or cause it to be removed without notice and assess costs involved to the violator. (*)

12-5-12 **PLAY STREETS.**

A. The administrator has authority to declare any street or part of a street a temporary play street and to place appropriate signs or devices in the street to indicate and help protect the street.

B. Whenever authorized signs are erected to indicate a play street, no person shall drive on the street except drivers of vehicles whose residences are within the closed area. Such drivers shall exercise the greatest care in driving on the play street. (*)

12-5-13 **CROSSWALKS AND SAFETY ZONES.**

The administrator, upon the basis of engineering and traffic study investigations, may:

(1) designate and maintain crosswalks by appropriate devices, marks or lines on the surface of the street where, in his opinion, there is particular danger to pedestrians crossing the street; and

(2) establish safety zones of the kind and character and at places he deems necessary for the protection of pedestrians. (*)

12-5-14 **TRAFFIC LANES.**

A. The administrator, upon the basis of engineering and traffic study investigations, may mark traffic lanes upon any street where a regular alignment of traffic is necessary.

B. Where such traffic lanes have been marked, it is unlawful for the operator of a vehicle to fail to keep the vehicle within the boundaries of the lane except when lawfully passing another vehicle or when making a lawful turning movement. (*)

12-6-1 SPEED REGULATIONS

12-6-1.1 BASIC RULE

No person shall drive a vehicle at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. Consistent with the foregoing, every person shall drive at a safe and appropriate speed when approaching and crossing an intersection or railroad grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding street and when special hazards exist with respect to pedestrians or other traffic or by reason of weather or highway conditions. (*)

12-6-1.2 SPEED LIMITS

A. No person shall drive a vehicle on a street or detour at a speed greater than:

(1) fifteen (15) miles per hour on all streets when passing a school while children are going to, or leaving school, and when the school zone is properly posted:

(2) thirty (30) miles per hour in any business or residence district ~~(66-7-301 NMSA 1978); or~~

(3) fifty-five miles per hour on a county road, as defined in Section 66-7-304 NMSA 1978, without a posted speed limit;

(4) seventy-five miles per hour; and
~~the lawfully posted speed limit when signs are erected giving notice of the speed limit. (*)~~

(4) the posted speed limit in construction zones posted as double fine zones or other safety zones posted as double fine zones as designated by the municipality or highway and transportation department, provided that the posted speed limit be determined by an engineering study performed by the state highway and transportation department ~~(66-7-301 NMSA 1978); and;~~

(5) the lawfully posted speed limit when signs are erected giving notice of the speed limit. (*)

B. In every event, speed shall be so controlled as may be necessary:

(1) to avoid colliding with any person, vehicle or other conveyance on, or entering ~~the~~ the street;

(2) to comply with legal requirements as may be established by the municipality, the state highway department or the New Mexico state police, and the duty of all persons to use due care; and

(3) to protect workers in construction zones posted as double fine zones or other safety zones posted as double fine zones as designated by the municipality or highway and transportation department. (66-7-301 NMSA 1978)

12-6-1.3 ESTABLISHMENT OF SPEED ZONES

A. Whenever the administrator determines, upon the basis of an engineering survey and traffic investigation, a detailed report of which is filed with the traffic safety bureau of the state highway and transportation department, that any speed limit permitted under state law or local ordinance is greater or less than is reasonable or safe under the conditions found to exist upon any part of a street within his jurisdiction, he may declare a speed limit for that part, ~~and that speed limit shall be authorized and effective which is effective at times determined,~~ when appropriate signs giving notice thereof are erected at the particular part of the street; provided that no speed limit shall be declared greater than seventy-five miles per hour. The declaration of speed limits by the secretary of highway and transportation shall not be considered rules for purposes of the State Rules Act.

~~EB. Speed zones may be marked by a sign containing a flashing yellow light and, when the light is in operation, the speed limit, instructions or regulations on the sign are in effect.~~

~~C. The provisions of Subsection A of this section shall not apply to changes of speed limit in construction zones authorized pursuant to 12-6-1.3 G through K of this section.~~

~~BD.~~ Alteration of speed limits on state highways by the administrator are not effective until approved by the state highway commission. (66-7-303 NMSA 1978)

~~EE.~~ The administrator shall adhere to and abide by all applicable state statutes in making his determination of speed limits in the municipality.

~~DE.~~ Whenever the administrator declares a speed limit, he shall submit a schedule of the speed limit to the police department, the municipal judge, the municipal clerk and the municipal attorney. (*)

~~E. Speed zones may be marked by a sign containing a flashing yellow light and, when the light is in operation, the speed limit, instructions or regulations on the sign are in effect.~~

~~F. The provisions of Subsection A of this section shall not apply to changes of speed limit in construction zones authorized pursuant to 12-6-1.3 G through K of this section.~~

G. When construction, repair or reconstruction of any street or highway is being done, the administrator or other governmental authority with jurisdiction over that street or highway is authorized to designate as a construction zone that portion of the street or highway where construction, reconstruction or repair is being done and to close the construction zone to traffic or to provide for a single lane of traffic on any two-lane or four-lane highway in the construction zone. ~~(66-7-303.1 NMSA 1978)~~

H. The administrator or other governmental authority closing all or a portion of a street or highway or providing for a single lane of traffic on any two-lane or four-lane street or highway pursuant to Subsection G of this section shall erect or cause to be erected traffic-control devices or barricades to warn and notify the public of any change in speed limit and that such street or highway is closed or limited to a single lane of traffic. ~~(66-7-303.1 NMSA 1978)~~

I. Every pedestrian or person who operates a vehicle on any street or highway shall obey all signs, signals, markings, flagmen or other traffic-control devices which are placed to regulate, control and guide traffic through a construction zone.

J. No person shall remove, change, modify, deface or alter any traffic-control device or barricade which has been erected on any street or highway pursuant to this section.

K. Any person who violates any provision of Subsection I or J of this section is guilty of a petty misdemeanor and upon conviction shall be sentenced in accordance with this code. ~~(66-7-303.1 NMSA 1978)~~

12-6-1.4 REGULATION OF SPEED BY TRAFFIC SIGNALS

The administrator is authorized to regulate the timing of traffic signals so as to permit the movement of traffic in an orderly and safe manner at speeds slightly at variance from the speeds otherwise applicable within the district or at intersections and shall erect appropriate signs giving notice thereof. (*)

12-6-1.5 MINIMUM SPEED REGULATION

A. No person shall drive a motor vehicle at such slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with this ordinance.

B. Whenever the administrator determines on the basis of an engineering and traffic investigation that slow speeds on any part of a street consistently impede the normal and reasonable movement of traffic, the administrator may determine and declare a minimum speed limit below which no person shall drive a vehicle except when necessary for safe operation or in compliance with this ~~ordinance~~ law; provided that local

authorities in municipalities of more than one hundred thousand population may prohibit vehicles that by virtue of weight or design are slow moving on local arterials during peak hours of traffic. (66-7-305 NMSA 1978)

C. Police officers may enforce this section by directions to drivers. In the event of apparent willful disobedience to this section and refusal to comply with directions of an officer in accordance herewith, the continued slow operation by a driver is a violation of this section. (*)

12-6-1.6 CHARGING VIOLATIONS

A. In every charge of violation of any speed regulation under this ordinance, the complaint and the uniform traffic citation shall specify the speed at which the defendant is alleged to have driven and the maximum speed applicable within the district or at the location.

B. Provisions of this ordinance for maximum speed limitations shall not be construed to relieve the plaintiff in any civil action from the burden of proving negligence on the part of the defendant as the proximate cause of an accident. (66-7-307 NMSA 1978)

12-6-1.7 SPECIAL SPEED LIMITATIONS

A. Subject to the requirements of Section 12-10-1.15 E of this ordinance, no person shall drive any vehicle equipped with solid rubber or cushion tires at a speed greater than a maximum of ten miles per hour. ~~(66-7-306 NMSA 1978)~~

B. No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a street at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in Section 66-7-306 NMSA 1978. ~~(66-7-306 NMSA 1978)~~

12-6-2 DRIVING ON RIGHT SIDE OF STREET--OVERTAKING AND PASSING--USE OF STREET

12-6-2.1 DRIVE ON RIGHT SIDE OF STREET--EXCEPTIONS

A. Upon all streets of sufficient width, a vehicle shall be driven upon the right half of the street, and where practicable, entirely to the right of the center thereof, except as follows:

(1) when overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement (66-7-308 NMSA 1978);

(2) when an obstruction exists making it necessary to drive to the left of the center of the street, provided that any person driving to the left shall yield the right of way to all vehicles traveling in the proper direction on the unobstructed portion of the street (*);

(3) when the right half of the street is closed to traffic while under construction or repair

(4) upon a street divided into three marked lanes for traffic under the rules applicable thereon; or

(5) upon a street designated and signposted for one-way traffic.

B. Upon all streets any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the street except when overtaking and passing another car proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway. (66-7-308 NMSA 1978)

C. Upon any street having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the street, except when authorized by official traffic-control devices designating certain lanes to the left side of the center of the street for use by traffic not otherwise permitted to use such lanes, or except as permitted under Subsection 12-6-2.1A(2). However, this section shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway. (*)

12-6-2.2 PASSING VEHICLES PROCEEDING IN OPPOSITE DIRECTION

Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon streets having width for not more than one (1) line of traffic in each direction each driver shall give to the other at least one-half of the main-traveled portion of the street as nearly as possible. (66-7-309 NMSA 1978).

12-6-2.3 OVERTAKING A VEHICLE ON THE LEFT

The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions and special rules hereinafter stated:

(1) the driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the street until safely clear of the overtaken vehicle; and

(2) except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle. (66-7-310 NMSA 1978)

12-6-2.4 LIMITATIONS ON OVERTAKING ON THE LEFT

No vehicle shall be driven to the left side of the center of the street in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to the right-hand side of the street before coming within one hundred feet of any vehicle approaching from the opposite direction. (66-7-312 NMSA 1978)

12-6-2.5 FURTHER LIMITATIONS ON DRIVING ON LEFT OF CENTER OF STREET

A. No vehicle shall at any time be driven to the left side of the street under the following conditions:

(1) when approaching the crest of a grade or upon a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

(2) when approaching within one hundred feet of or traversing any intersection or railroad grade crossing; or

(3) when the view is obstructed upon approaching within one hundred feet of any bridge, viaduct, or tunnel. (66-7-313 NMSA 1978)

B. The foregoing limitations shall not apply:

(1) upon a one-way street;

(2) under the conditions described in 12-6-2.1A(2); nor

(3) to the driver of a vehicle turning left into or from an alley, private road or driveway. (*)

12-6-2.6 WHEN OVERTAKING ON THE RIGHT IS PERMITTED

A. The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

(1) when the vehicle overtaken is making or about to make a left turn;

(2) upon a street or highway with unobstructed pavement not occupied by parked vehicles of sufficient width for two or more lines of moving vehicles in each direction; or

(3) upon a one-way street, or upon any roadway on which traffic is restricted to one direction of movement, where the street is free from obstructions and of sufficient width for two or more lines of moving vehicles.

B. The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the pavement or main-traveled portion of the street. (66-7-311 NMSA 1978)

12-6-2.7 NO PASSING ZONES AND RESTRICTIONS ON PASSING

A. The ~~state~~ transportation commission and administrator may determine those portions of any street or highway under his jurisdiction where overtaking and passing or driving on the left of the street would be especially hazardous and may, by appropriate signs or markings on the street indicate the beginning and end of such zones. When the signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the direction thereof.

B. Where signs or markings are in place to define a no-passing zone as set forth in Subsection A of this section, no driver shall at any time drive on the left side of the street within the no-passing zone or on the left side of any pavement striping designed to mark the no-passing zone throughout its length. This section does not apply under the conditions described in Section 12-6-2.1A(3) or to the driver of a vehicle turning left into or from an alley, private road or driveway. (66-7-315 NMSA 1978)

C. When double yellow lines are painted on a pavement, no driver shall drive any vehicle across the lines except the driver of a vehicle turning left into or from an alley, private road or driveway.

D. No driver shall overtake and pass any other vehicle proceeding in the same direction in a school zone when the school zone signs are in place.

E. Whenever a vehicle is stopped at a marked crosswalk or an unmarked crosswalk at an intersection to permit a pedestrian to cross the street, the driver of the vehicle approaching from the rear shall not overtake and pass the stopped vehicle. (*)

12-6-2.8 AUTHORITY TO DESIGNATE ONE-WAY STREETS AND ALLEYS

A. The administrator may designate and sign streets and alleys as one-way streets and alleys and shall erect appropriate signs giving notice of that designation. (66-7-315 NMSA 1978). The designation shall be made only upon the basis of engineering and traffic investigation.

B. Signs indicating the direction of lawful traffic movement shall be placed at every intersection, where movement of traffic in the opposite direction is prohibited. No regulation as to one-way traffic shall be effective unless signs are in place indicating the direction of the flow of traffic.

C. The administrator shall maintain a schedule of all streets and alleys which have been established as one-way and shall provide copies of the schedule to the police department, municipal clerk, municipal judge and municipal attorney. (*)

12-6-2.9 OBEDIENCE TO SIGNS DESIGNATING ONE-WAY STREETS AND ALLEYS

A. Upon those streets and parts of streets and in those alleys restricted to movement in one direction, vehicular traffic shall move only in the indicated direction when signs indicating the direction of traffic are erected and maintained at every intersection where movement in the opposite direction is prohibited.

B. Failure to comply with such signs is a violation of this ordinance. (*)

12-6-2.10 ROTARY TRAFFIC ISLANDS.

A vehicle passing around a rotary traffic island shall be driven only to the right of such island. (66-7-316 NMSA 1978)

12-6-2.11 RESTRICTED DIRECTION OF MOVEMENT ON STREETS DURING CERTAIN PERIODS.

A. The administrator may determine and designate streets, parts of streets or specific lanes upon which vehicular traffic shall proceed in one direction during one period of the day and the opposite direction during another period of the day. This designation shall be made only upon the basis of engineering and traffic investigation.

B. Appropriate markings, signs, barriers or other devices shall be placed to give notice of the restricted movement.

C. Signs may be placed temporarily designating lanes to be used by traffic moving in particular direction, regardless of the center line of the street. (*)

12-6-2.12 DRIVING ON STREETS LANED FOR TRAFFIC

Whenever any street has been divided into two or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

A. a vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety;

B. upon a street which is divided into three lanes a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the street is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation;

C. official signs may be erected directing slow-moving traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the street and drivers of vehicles shall obey the directions of every such sign (66-7-317 NMSA 1978); and

D. official traffic-control devices may be installed prohibiting the changing of lanes on sections of streets, and drivers of vehicles shall obey the directions of every such device. (*)

12-6-2.13 FOLLOWING TOO CLOSELY

A. The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

B. The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a street or roadway outside of a business or residence district shall not follow another motor truck or motor vehicle drawing another vehicle within three hundred (300) feet, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

C. Motor vehicles being driven upon any street or roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall not follow the preceding vehicle closer than three hundred (300) feet. This provision shall not apply to

(1) funeral processions, nor shall it apply within or outside of a business or residence district to motor vehicle escort vehicles of a motor vehicle escort service, which may, if necessary to maintain the continuity of the escorted unit or units, precede or follow at a distance closer than three hundred (300) feet to the escorted unit or units.

(2) a vehicle that is part of a driver-assisted platoon and that is not the lead motor vehicle (66-7-318 NMSA 1978)

12-6-2.14 DRIVING ON DIVIDED STREETS

A. Whenever any street has been divided into two (2) roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section so constructed as to impede vehicular traffic, every vehicle shall be driven only upon the right-hand segment of the divided street (66-7-319 NMSA 1978), unless directed or permitted to use another segment by official traffic-control devices or police officers. (*)

B. No vehicle shall be driven over, across, or within any such dividing space, barrier, or section, except through an opening in such physical barrier or dividing section or space or at a crossover or intersection established by public authority. (66-7-319 NMSA 1978)

C. Where recessed cut-outs are provided in dividers to facilitate left turns, all vehicles, except those having a turning radius precluding use of such recessed cut-outs, shall execute a left turn by occupying the recess or cut-out prior to entering the intersection. (*)

12-6-2.15 CONTROLLED ACCESS

No person shall drive a vehicle onto or from any controlled-access street except at such entrances and exits as are established by public authority. (66-7-320 NMSA 1978)

12-6-2.16 RESTRICTIONS ON USE OF CONTROLLED-ACCESS STREETS

A. No pedestrian, bicycle or other non-motorized traffic shall use any controlled-access street, but notwithstanding this provision, drivers of vehicles using the controlled-access street are not relieved of responsibility for exercising due care.

B. In addition to the provisions of paragraph A, the local governing body may, by ordinance, regulate or prohibit the use of any controlled-access street within its jurisdiction by any class or kind of traffic which is found to be incompatible with the normal and safe movement of traffic. (66-7-321 NMSA 1978)

C. No driver shall stop a vehicle upon any controlled-access street for the purpose of taking on or discharging passengers, freight or merchandise.

D. The administrator has the authority to erect and maintain official traffic-control devices on the controlled-access street on which the restrictions are applicable, and when such traffic-control devices are in place, no person shall disobey the restrictions stated on the devices. (66-7-321 NMSA 1978)

12-6-3 DESIGNATING STOP AND YIELD INTERSECTIONS

12-6-3.1 THROUGH STREETS DESIGNATED

A. The administrator, upon traffic and engineering study and investigation, may designate which streets shall be through streets and erect stop signs or yield signs at specified entrances thereto or may designate any intersection as a stop intersection or as a yield intersection and erect stop signs or yield signs at one or more entrances to the intersection. (66-7-345 NMSA 1978)

B. A schedule of the through streets shall be prepared by the administrator with copies furnished to the police department, municipal clerk, municipal judge and municipal attorney. (*)

12-6-3.2 AUTHORITY TO ERECT STOP AND YIELD SIGNS AT THROUGH STREETS

A. Whenever the administrator designates and describes a through street, the city traffic engineer shall place and maintain a stop sign, or on the basis of an engineering and traffic investigation at any intersection a yield sign, on each and every street intersecting the through street unless traffic at any such intersection is controlled at all times by traffic-control signals.

B. However, at the intersection of two through streets or at the intersection of a through street and heavy traffic street not so designated, stop signs shall be erected at the approaches to both of said streets in a manner determined by the administrator upon the basis of an engineering and traffic study. (*)

12-6-3.3 **AUTHORITY TO ERECT STOP OR YIELD SIGNS AT OTHER INTERSECTIONS**

The administrator may determine and designate intersections other than through streets where particular hazards exist and determine:

(1) whether vehicles shall stop at one or more entrances to the intersection, in which event he shall have erected a stop sign at every place where a stop is required; or

(2) whether vehicles shall yield the right of way to vehicles on a different street at the intersection, in which event he shall have erected a yield sign at every place where obedience thereto is required. (*)

12-6-4 **RIGHT OF WAY**

12-6-4.1 **VEHICLE APPROACHING OR ENTERING INTERSECTION**

A. The driver of a vehicle approaching an intersection shall yield the right of way to a vehicle which has entered the intersection from a different street.

B. When two vehicles enter an intersection from different streets at approximately the same time the driver of the vehicle on the left shall yield the right of way to the vehicle on the right.

C. The right of way rules declared in Subsections A and B are modified at through streets and otherwise as provided in this ordinance. (66-7-328 NMSA 1978)

D. The driver of a vehicle approaching or entering an interstate highway shall yield the right of way to the vehicles on the interstate highway. (*)

12-6-4.2 **VEHICLES TURNING LEFT AT INTERSECTION**

The driver of a vehicle within an intersection intending to turn to the left shall yield the right of way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard, but said driver, having so yielded and having given a signal when and as required by this ordinance, may

make such left turn and the drivers of all other vehicles approaching the intersection from said opposite direction shall yield the right of way to the vehicle making the left turn. (66-7-329 NMSA 1978)

12-6-4.3 VEHICLE ENTERING STOP OR YIELD INTERSECTION

A. Preferential right of way at an intersection may be indicated by stop signs or yield signs as authorized in this ordinance.

B. Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop as required by Section 12-6-4.3(D) and after having stopped shall yield the right of way to any vehicle which has entered the intersection from another street or which is approaching so closely on the street as to constitute an immediate hazard during the time when the driver is moving across or within the intersection.

C. The driver of a vehicle approaching a yield sign shall, in obedience to the sign, slow down to a speed reasonable for the existing conditions, and shall yield the right of way to any vehicle in the intersection or approaching on another street so closely as to constitute an immediate hazard during the time the driver is moving across or within the intersection. If the driver is involved in a collision with a vehicle in the intersection, after driving past a yield sign without stopping, the collision shall be deemed prima facie evidence of his failure to yield right of way. (66-7-330 NMSA 1978)

D. The State Transportation Commission, with reference to state and county highways, and local authorities, with reference to other highways under their jurisdiction, may designate through highways and erect stop signs or yield signs at specified entrances thereto or may designate any intersection as a stop intersection or as a yield intersection and erect stop signs or yield signs at one or more entrances to the intersection.

E. Preferential right of way at an intersection may be indicated by stop signs or yield signs as authorized in the Motor Vehicle Code.

~~D.F.~~ Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle, other than a person riding bicycle, approaching a stop intersection indicated by a stop sign shall stop ~~completely~~ before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, shall stop at a clearly marked stop line, but if none, then at the point nearest the intersecting street before entering the intersection.

~~E.G.~~ The driver of a vehicle approaching a yield sign, if required for safety to stop, shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, at a clearly marked stop line, but if none, then at the point nearest the intersecting street where the driver has a view of approaching traffic on the intersecting street.

H. Except when directed to proceed by a police officer, every person riding a bicycle and approaching:

(1) a stop intersection indicated by a red traffic control signal shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, shall stop at a clearly marked stop line, but if none, then at the point nearest the intersecting roadway before entering the intersection. After stopping, if there is no approaching pedestrian, bicycle or vehicle traffic with the right of way, the person riding a bicycle may proceed through the intersection without waiting for the traffic control signal to turn green; and

(+)(2) an intersection with a stop sign or a yield sign, if there is no approaching pedestrian, bicycle or vehicle traffic with the right of way, the person riding a bicycle may proceed through the intersection without stopping. If required for safety to stop, the person riding a bicycle shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, at a clearly marked stop line, but if none, then at the point nearest the intersecting roadway where the person riding a bicycle has a view of approaching traffic on the intersecting roadway. (66-7-345 NMSA 1978)

12-6-5 TURNING AND STARTING AND SIGNALS ON STOPPING AND TURNING

12-6-5.1 REQUIRED POSITION AND METHOD OF TURNING AT INTERSECTION

The driver of a vehicle intending to turn at an intersection shall do so as follows:

A. Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the street.

B. At any intersection where traffic is permitted to move in both directions on each street entering the intersection, an approach for a left turn, except where left-turn provisions are made, shall be made in that portion of the right half of the street nearest the center line thereof and by passing to the right of such center line where it enters the intersection and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the street being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

C. Upon a street with two (2) or more lanes for through traffic in each direction, where a center lane has been provided by distinctive pavement markings for the use of vehicles turning left from both directions, no vehicle shall turn left from any other lane. A vehicle shall not be driven in this center lane for the purpose of overtaking or passing another vehicle proceeding in the same direction. Any maneuver other than a left turn from this center lane will be deemed a violation of this section.

D. At any intersection where traffic is restricted to one (1) direction on one (1) or more of the streets, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left-hand lane lawfully available to traffic moving in such direction upon the street being entered. (66-7-322 NMSA 1978)

E. No person shall drive across any private or public property, including but not limited to parking areas, driveways and service station areas, for the purpose of avoiding any traffic control device or sign. (*)

12-6-5.2 AUTHORITY TO PLACE DEVICES ALTERING NORMAL COURSE FOR TURNS

The administrator may cause markers, buttons or signs to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in Section 12-6-5.1 be traveled by vehicles turning at an intersection, and when markers, buttons or signs are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by the markers, buttons or signs. (66-7-322 NMSA 1978)

12-6-5.3 AUTHORITY TO PLACE RESTRICTED TURN SIGNS

A. The administrator may determine those intersections at which drivers of vehicles shall not make a right, left or U-turn and shall place proper signs at the intersections.

B. The making of the turns may be prohibited between certain hours of the day and permitted at other hours, in which event the same shall be plainly indicated on the signs or they may be removed when the turns are permitted. (*)

No person shall so turn any vehicle without giving an appropriate signal in the manner hereinafter provided in the event any other traffic may be affected by such movement.

B. A signal of intention to turn right or left when required shall be given continuously during not less than the last one hundred feet traveled by the vehicle before turning.

C. No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear when there is opportunity to give such signal. (66-7-325 NMSA 1978)

D. The signals provided for in this section shall be used to indicate an intention to turn, change lanes or start from a parked position and shall not be flashed on one side only on a parked or disabled car or flashed as a courtesy or "do pass" signal to operators of other vehicles approaching from the rear. (*)

12-6-5.9 SIGNALS BY HAND AND ARM OR SIGNAL DEVICE

A. Any stop or turn signal when required herein shall be given either by means of the hand and arm or by signal lamp or lamps or mechanical signal device except as otherwise provided in Subsection B.

A. The department and local highway authorities may, in their discretion, upon application in writing and good cause being shown, issue a special permit in writing authorizing the applicant to operate or move a vehicle or load of a size or weight exceeding the maximum specified in Sections 66-7-401 through 66-7-416 NMSA 1978 on any highway under the jurisdiction of the state transportation commission or local authorities. Except for the movement of manufactured homes, a permit may be granted, in cases of emergency, for the transportation of loads on a certain unit or combination of equipment for a specified period of time not to exceed one year, and the permit shall contain the route to be traversed, the type of load to be transported and any other restrictions or conditions deemed necessary by the body granting the permit. In every other case, the permit shall be issued for a single trip and may designate the route to be traversed and contain any other restrictions or conditions deemed necessary by the body granting the permit. Every permit shall be carried in the vehicle to which it refers and shall be opened for inspection by any peace officer. It is a misdemeanor for any person to violate any of the conditions or terms of the special permit.

B. The department shall promulgate regulations in accordance with the State Rules Act pertaining to safety practices, liability insurance and equipment for escort vehicles provided by the motor carrier himself and for escort vehicles provided by a private business in this state; ~~provided that:~~

(1) The department of public safety or the department of transportation shall provide the escort personnel with a copy of applicable rules and shall inspect the escort vehicles for the safety equipment required by the rules. If the escort vehicles and personnel meet the requirements set forth in the rules, the department of public safety shall issue the special permit;

(3) The state transportation department shall conduct engineering investigations and engineering inspections to determine which four-lane highways are safe for the operation or movement of manufactured homes without an escort. After making that determination, the state transportation department shall hold public hearings in the area of the state affected by the determination, after which it may adopt regulations designating those four-lane highways as being safe for the operation or movement of manufactured homes without an escort. If any portion of such a four-lane highway lies within the boundaries of a municipality, the state highway and transportation department, after obtaining the approval of the municipal governing body, shall include such portions in its regulations.

C. Except for the movement of manufactured homes, special permits may be issued for a single vehicle or combination of vehicles by the department for a period not to exceed one year for a fee of two hundred fifty dollars (\$250). The permits may allow excessive height, length and width for a vehicle or combination of vehicles or load thereon and may include a provision for excessive weight if the operation is to be within the vicinity of a municipality. ~~Utility service vehicles, operating with special permits pursuant to this subsection, shall be exempt from prohibitions or restrictions relating to hours or days of operation or restrictions on movement because of poor weather conditions. (66-7-413-D-NMSA-1978)~~

(2) liability for property taxes on the manufactured home does not exist for the current tax year or any past tax years, except for manufactured homes located on an Indian reservation.

G. The movement of a manufactured home from the lot or business location of a manufactured home dealer to its destination designated by an owner-purchaser is not subject to the requirements of Subsection F of this section if the manufactured home movement originates from the lot or business location of the dealer and the manufactured home was part of his inventory prior to the sale to the owner-purchaser; however, the movement of a manufactured home by a dealer or his authorized agent as a result of a sale or trade-in from a nondealer-owner is subject to the requirements of Subsection F of this section whether the destination is the business location of a dealer or some other destination.

D. No person shall sell, lease, rent or operate any slow-moving vehicle unless the slow-moving vehicle is equipped with a slow-moving vehicle emblem.

E. Any person who violates any provision of this section is guilty of a misdemeanor (66-3-887 NMSA 1978)

12-6-11.3 ESCORT TO BE FURNISHED FOR MOVEMENT OF HAZARDOUS VEHICLES

C.D. Aggravated driving while under the influence of intoxicating liquor or drugs consists of a person who:

(1) drives a vehicle in this state and has an alcohol concentration of sixteen one-hundredths or more in the person's blood or breath within three hours of driving the vehicle and the alcohol concentration results from alcohol consumed before or while driving the vehicle;

~~L.M.~~ The results of a test performed pursuant to the Implied Consent Act may be introduced into evidence in any civil action or criminal action arising out of the acts alleged to have been committed by the person tested for driving a motor vehicle while under the influence of intoxicating liquor or drug.

~~M.N.~~ When the blood or breath of the person tested contains:

(1) an alcohol concentration of less than four one-hundredths or less, it shall be presumed that the person was not under the influence of intoxicating liquor;

Q.R. The determination of alcohol concentration shall be based on the grams of alcohol in one hundred milliliters of blood or the grams of alcohol in two hundred ten liters of breath.

R.S. The presumptions in Subsection O of this section do not limit the introduction of other competent evidence concerning whether or not a person was under the influence of intoxicating liquor. (66-8-110 NMSA 1978)

S.T. (66-8-111 NMSA 1978)

U.V. If a law enforcement officer has reasonable grounds to believe that a person arrested for violation of Subsections A, B, C or D of this section had been driving a motor vehicle within this municipality while under the influence of intoxicating liquor or drug and that upon his request, the person refused to submit to a chemical test, after being advised that failure to submit could result in revocation of his privilege to drive, then the law enforcement officer shall transmit to the director a statement signed under penalty of perjury stating what such reasonable grounds were and stating that the person refused to submit to a chemical test after being advised of the consequences of such refusal.

W. On behalf of the department, a law enforcement officer requesting a chemical test or directing the administration of a chemical test pursuant to 66-8-107 NMSA 1978 shall serve immediate written notice of revocation and of right to a hearing

before the administrative hearings office pursuant to the Implied Consent Act on a person who;

(66-13-4 NMSA 1978)

A.—Nothing in the Boating While Intoxicated Act is intended to authorize a law enforcement officer, or a judicial or probation officer, to make an arrest or direct the performance of a blood-alcohol or drug test, except in the performance of his official duties or as otherwise authorized by law. (66-13-7 NMSA 1978)

12-6-17.6 IMPLIED CONSENT TO SUBMIT TO CHEMICAL TEST

A. A person who operates a motorboat within this state shall be deemed to have given consent, subject to the provisions of the Boating While Intoxicated Act, to chemical tests of his blood or breath or both, approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978 as determined by a law enforcement officer, or for the purposes of determining the drug or alcohol content of his blood if arrested for any offense arising out of acts alleged to have been committed while the person was operating a motorboat while under the influence of an intoxicating liquor or drug.

B. The arrested person shall be advised by a law enforcement officer that failure to submit to a chemical test may be introduced into evidence in court and that the court, upon conviction, may impose increased penalties for the person's failure to submit to a chemical test.

C. A test of blood or breath or both, approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978, shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been operating a motorboat while under the influence of an intoxicating liquor or drug.

D. A person who operates a motorboat in this state and who is involved in a fatal boating incident shall be deemed to have given consent, subject to the provisions of the Boating While Intoxicated Act, to mandatory chemical tests of his blood or breath or both, as determined by a law enforcement officer and approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978. (66-13-8 NMSA 1978)

12-6-17.7 CONSENT OF PERSON INCAPABLE OF REFUSAL NOT WITHDRAWN

A.—A person who is dead, unconscious or otherwise in a condition rendering him incapable of refusal shall be deemed not to have withdrawn the consent provided by the Boating While Intoxicated Act, and the test designated by the law enforcement officer may be administered. (66-13-9 NMSA 1978)

12-6-17.8 ADMINISTRATION OF CHEMICAL TEST--PAYMENT OF COSTS--ADDITIONAL TESTS.

A. Only the persons authorized by the Boating While Intoxicated Act shall withdraw blood from a person for the purpose of determining its alcohol or drug content. This limitation does not apply to the taking of samples of breath.

B. The person tested shall be advised by the law enforcement officer of the person's right to be given an opportunity to arrange for a physician, licensed professional or practical nurse or laboratory technician or technologist who is employed by a hospital or physician of his own choosing to perform a chemical test in addition to a test performed at the direction of a law enforcement officer.

C. Upon the request of the person tested, full information concerning the test performed at the direction of the law enforcement officer shall be made available to him as soon as it is available from the person performing the test.

D. The agency represented by the law enforcement officer at whose direction the chemical test is performed shall pay for the chemical test.

E. If a person exercises his right under Subsection B of this section to have a chemical test performed upon him by a person of his own choosing, the cost of that test shall be paid by the agency represented by the law enforcement officer at whose direction a chemical test was administered pursuant to 12-6-17.6. [\(66-13-10 NMSA 1978\)](#)

12-6-17.9 USE OF TESTS IN CRIMINAL OR CIVIL ACTIONS--LEVELS OF INTOXICATION--MANDATORY CHARGING

A. The results of a test performed pursuant to the Boating While Intoxicated Act may be introduced into evidence in a civil action or criminal action arising out of the acts alleged to have been committed by the person tested for operating a motorboat while under the influence of intoxicating liquor or drugs.

B. When the blood or breath of the person tested contains:

(1) an alcohol concentration of five one hundredths or less, it shall be presumed that the person was not under the influence of intoxicating liquor; or

(2) an alcohol concentration of more than five one hundredths but less than eight one hundredths, no presumption shall be made that the person either was or was not under the influence of intoxicating liquor. However, the amount of alcohol in the person's blood or breath may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor.

C. When the blood or breath of the person tested contains an alcohol concentration of eight one hundredths or more, the arresting officer shall charge him with a violation of 12-7-17.2.

D. The determination of alcohol concentration shall be based on the grams of alcohol in one hundred milliliters of blood or the grams of alcohol in two hundred ten liters of breath.

E. The alcohol concentration in a person's blood or breath shall be determined by a chemical test administered to the person within three hours of the alleged boating while under the influence of intoxicating liquor. In a prosecution pursuant to the provisions of the Boating While Intoxicated Act, it is a rebuttable presumption that a person is in violation of the provisions of that act if he has an alcohol concentration of eight one hundredths or more in his blood or breath as determined by a chemical test administered to the person within three hours of the alleged boating while under the influence of intoxicating liquor. If the chemical test is administered more than three hours after the alleged boating while under the influence of intoxicating liquor, the test result is admissible as evidence of the alcohol concentration in the person's blood or breath at the time of the alleged boating and the trier of fact shall determine what weight to give the test result.

F. The presumptions in Subsection B of this section do not limit the introduction of other competent evidence concerning whether the person was under the influence of intoxicating liquor.

G. If a person is convicted of operating a motorboat while under the influence of intoxicating liquor or drugs, the trial judge shall be required to inquire into past convictions of the person for operating a motorboat while under the influence of intoxicating liquor or drugs before sentence is entered in the matter. (66-13-11 NMSA 1978)

12-6-17.10 MOTORBOATS--INFLUENCE OF INTOXICATING LIQUOR OR DRUGS--FEE UPON CONVICTION

A. A person convicted of a violation of the Boating While Intoxicated Act shall be assessed by the court, in addition to any other fee or fine, a fee of sixty-five dollars (\$65.00) to defray the costs of chemical and other tests used to determine the influence of intoxicating liquor or drugs.

B. All fees collected pursuant to the provisions of this section shall be transmitted monthly to the crime laboratory fund. All balances in the crime laboratory fund collected pursuant to this section are appropriated to the administrative office of the courts for payment upon invoice to the scientific laboratory division of the department of health for the costs of chemical and other tests used to determine the influence of intoxicating liquor or drugs.

C. Payment of funds out of the crime laboratory fund of fees collected pursuant to this section shall be made upon vouchers issued and signed by the director of the administrative office of the courts upon warrants drawn by the department of finance and administration. (63-13-12 NMSA 1978)

B. The provisions of this section shall not be construed as authorizing the seizure or forfeiture of a handheld mobile communications device. Unless otherwise provided by law, the handheld mobile communication device used in the violation of the provisions of this section is not subject to search by a law enforcement officer during a traffic stop made pursuant to the provisions of this section.

C. As used in this section:

(1) "driving" means being in actual physical control of a motor vehicle on a highway or street and includes being temporarily stopped because of traffic, a traffic light or stop sign or otherwise, but "driving" excludes operating a motor vehicle when the vehicle has pulled over to the side of or off an active roadway and has stopped at a location in which it can remain safely stationary;

(3) "text message" means a digital communication transmitted or intended to be transmitted between communication devices and includes electronic mail, an instant message, a text or image communication and a command or request to an internet site; but "text message" excludes communications through the use of a computer-aided dispatch service by law enforcement or rescue personnel. 12-6-20.1 APPLICATION FOR LICENSE OR RENEWAL

A. An application for a license or a renewal of a license shall be made upon a form furnished by the department. An application shall be accompanied by the proper fee. For licenses other than those issued pursuant to the New Mexico Commercial Driver's License Act, submission of a complete application with payment of the fee entitles the applicant to not more than three attempts to pass the examination within a period of six months from the date of application.

B. An application for a REAL ID-compliant driver's license, an instruction permit or provisional license, or renewal of a REAL ID-compliant driver's license, instruction permit or provisional license shall contain the applicant's full legal name; date of birth; sex; and current New Mexico residence address and shall briefly describe the applicant and indicate whether the applicant has previously been licensed as a driver and, if so, when and by what state or country and whether any such license has ever been suspended or revoked or whether an application has ever been refused and, if so, the date of and reason for the suspension, revocation or refusal.

C. An application for a standard driver's license or a renewal of a standard driver's license shall contain the applicant's full name; date of birth; sex; and New Mexico residence address of the applicant and briefly describe the applicant and indicate whether the applicant has previously been licensed as a driver and, if so, when and by what state or country and whether any such license has ever been suspended or revoked or whether an application has ever been refused and, if so, the date of and reason for the suspension, revocation or refusal.

D. A valid license shall satisfy the department's identity, age and New Mexico residency requirements for the issuance or renewal of a standard driver's license to an applicant.

E. The secretary shall establish by regulation documents that may be accepted as evidence of the residency of the applicant. A person applying for or renewing a REAL ID-compliant driver's license shall provide documentation required by the federal government of the applicant's identity; date of birth; social security number, if applicable; address of current residence; and lawful status. For an applicant for a REAL ID-compliant driver's license or a renewal of a REAL ID-compliant driver's license, the department shall verify the applicant's lawful status and social security number, if applicable, through a method approved by the federal government.

F. Pursuant to the federal REAL ID Act of 2005, the secretary shall establish a written, defined exception process to allow a person to demonstrate the person's identity, age and lawful status. The process shall allow a person to use a certified letter of enrollment or a valid identification card issued by a federally recognized Indian nation, tribe or pueblo to demonstrate the person's identity or age or to demonstrate the person's lawful status, if applicable.

G. A person with lawful status may apply for a REAL ID-compliant driver's license or a standard driver's license.

H. An applicant shall indicate whether the applicant is applying for a REAL ID-compliant driver's license or a standard driver's license. The department shall issue a standard driver's license to an applicant who is otherwise eligible for a REAL ID-compliant driver's license but who does not provide proof of lawful status and who affirmatively acknowledges that the applicant understands that a standard driver's license may not be valid for federal purposes. An applicant who does not provide proof of lawful status shall only apply for a standard driver's license. Except as otherwise provided in this ordinance, the department shall treat driving authorization cards and standard driver's licenses as REAL ID-compliant driver's licenses.

I. An application by a foreign national with lawful status for a REAL ID-compliant driver's license shall contain the unique identifying number and expiration date, if applicable, of the foreign national's valid passport, valid visa, employment authorization card issued under the applicant's approved deferred action status or other arrival-departure record or document issued by the federal government that conveys lawful status. The department may issue to an eligible foreign national applicant a REAL ID-compliant driver's license that is valid for a period not to exceed the duration of the applicant's lawful status; provided that if that date cannot be determined by the department and the applicant is not a legal permanent resident, the license shall expire one year after the effective date of the license.

J. An application for a standard driver's license shall include proof of the applicant's identity and age.

K. An applicant shall indicate whether the applicant has been convicted of driving while under the influence of intoxicating liquor or drugs in this state or in any other jurisdiction. Failure to disclose any such conviction prevents the issuance of a license for a period of one year if the failure to disclose is discovered by the department prior to issuance. If the nondisclosure is discovered by the department subsequent to issuance, the department shall revoke the license for a period of one year. Intentional and willful failure to disclose, as required in this subsection, is a misdemeanor.

L. An applicant under eighteen years of age who is making an application for a first New Mexico driver's license shall submit evidence that the applicant has:

(1) successfully completed a driver education course approved by the bureau that included a DWI prevention and education component. The bureau may accept verification of driver education course completion from another state if the driver education course substantially meets the requirements of the bureau for a course offered in New Mexico;

(2) had a provisional license for at least the twelve-month period immediately preceding the date of the application for the driver's license; provided that thirty days shall be added to the twelve-month period for each adjudication or conviction of a traffic violation committed during the time the person was driving with a provisional license;

(3) complied with restrictions on that license;

(4) not been cited for a traffic violation that is pending at the time of application; and

(5) not been adjudicated for an offense involving the use of alcohol or drugs during the twelve-month period immediately preceding the date of the application for the driver's license and that there are no pending adjudications alleging an offense involving the use of alcohol or drugs at the time of application.

M. An applicant eighteen years of age or over, but under twenty-five years of age, who is making an application to be granted a first New Mexico driver's license shall submit evidence with the application that the applicant has successfully completed a bureau-approved DWI prevention and education program.

N. An applicant twenty-five years of age or over who has been convicted of driving under the influence of intoxicating liquor or drugs and who is making an application to be granted a first New Mexico driver's license shall submit evidence with the application that the applicant has successfully completed a bureau-approved DWI prevention and education program.

O. Whenever an application is received from a person previously licensed in another jurisdiction, the department may request a copy of the driver's record from the other jurisdiction. When received, the driver's record may become a part of the

driver's record in this state with the same effect as though entered on the driver's record in this state in the original instance.

P. Whenever the department receives a request for a driver's record from another licensing jurisdiction, the record shall be forwarded without charge.

Q. This section does not apply to licenses issued pursuant to the New Mexico Commercial Driver's License Act. (66-5-9 NMSA 1978)

B. The department shall disqualify a person who holds a commercial driver's license or who is required to hold a commercial driver's license or commercial driver's instruction permit from driving a commercial motor vehicle for a period of not less than one year, which shall run concurrently with any revocation or suspension action for the same offense, if the person:

(1) refuses to submit to a chemical test when requested pursuant to the provisions of the Implied Consent Act;

(2) is twenty-one years of age or more and submits to chemical testing pursuant to the Implied Consent Act and the test results indicate an alcohol concentration of eight one hundredths or more;

(b) leaving the scene of an accident involving a commercial motor vehicle driven by the person in violation of Section 66-7-201 NMSA 1978 or an ordinance of a municipality of this state or the law of another state;

(c) using a motor vehicle in the commission of a felony;

(d) driving a commercial motor vehicle after the driver's commercial driver's license, non-domiciled commercial driver's license, commercial driver's instruction permit or non-domiciled commercial driver's instruction permit is revoked, suspended, disqualified or canceled for violations while operating a commercial motor vehicle; or

(e) causing a fatality in the unlawful operation of a motor vehicle pursuant to Section 66-8-101 NMSA 1978.

C. The department shall disqualify a person from driving a commercial motor vehicle for a period of not less than three years if any of the violations specified in Subsection B of this section occur while transporting a hazardous material required to be placarded.

D. The department shall disqualify a person from driving a commercial motor vehicle for life if convicted of two or more violations of any of the offenses specified in Subsection B of this section, or any combination of those offenses, arising from two or more separate incidents, but the secretary may issue rules establishing guidelines, including conditions, under which a disqualification for life under this subsection may be reduced to a period of not less than ten years. This subsection applies only to those offenses committed after July 1, 1989.

E. The department shall disqualify a person from driving a commercial motor vehicle for life if the person is convicted of using a motor vehicle in the commission of any felony involving the manufacture, distribution or dispensing of a controlled substance or involving an act or practice of severe forms of trafficking in persons, as defined in federal law.

F. The department shall disqualify a person from driving a commercial motor vehicle for a period of not less than sixty days if convicted of two serious traffic violations or one hundred twenty days if convicted of three serious traffic violations, if the violations were committed while driving a commercial motor vehicle, arising from separate incidents occurring within a three-year period.

G. The department shall disqualify a person from driving a commercial motor vehicle for a period of:

(1) not less than one hundred eighty days nor more than two years if the person is convicted of a first violation of an out-of-service order while transporting hazardous materials required to be placarded pursuant to the federal Hazardous Materials Transportation Act or while operating a motor vehicle designed to transport more than fifteen passengers, including the driver;

(2) not more than one year if the person is convicted of a first violation of an out-of-service order; or

(3) not less than three years nor more than five years if, during any ten-year period, the person is convicted of any subsequent violations of out-of-service orders, in separate incidents, while transporting hazardous materials required to be

placarded pursuant to that act or while operating a motor vehicle designed to transport more than fifteen passengers, including the driver.

H. The department shall disqualify a person from driving a commercial motor vehicle for sixty days if:

(1) the person has been convicted of two serious traffic violations in separate incidents within a three-year period; and

(2) the second conviction results in revocation, cancellation or suspension of the person's commercial driver's license, non-domiciled commercial driver's license, commercial driver's instruction permit or nondomiciled commercial driver's instruction permit or noncommercial motor vehicle driving privileges for sixty days.

I. The department shall disqualify a person from driving a commercial motor vehicle for one hundred twenty days, in addition to any other period of disqualification, if:

(1) the person has been convicted of more than two serious traffic violations within a three-year period; and

(2) the third or a subsequent conviction results in the revocation, cancellation or suspension of the person's commercial driver's license, non-domiciled commercial driver's license, commercial driver's instruction permit or non-domiciled commercial driver's instruction permit or noncommercial motor vehicle driving privileges.

J. When a person is disqualified from driving a commercial motor vehicle, any commercial driver's license held by that person is invalidated without a separate proceeding of any kind and the driver is not eligible to apply for a commercial driver's license until the period of time for which the driver was disqualified has elapsed.

K. The department shall disqualify a person from driving a commercial motor vehicle for not less than:

(1) sixty days if the person is convicted of a first violation of a railroad-highway grade crossing violation;

(2) one hundred twenty days if, during any three-year period, the person is convicted of a second railroad-highway grade crossing violation in a separate incident; and

(3) one year if, during any three-year period, the person is convicted of a third or subsequent railroad-highway grade crossing violation in a separate incident.

L. After disqualifying, suspending, revoking or canceling a commercial driver's license, the department shall, within ten days, update its records to

reflect that action. After disqualifying, suspending, revoking or canceling a nondomiciled commercial driver's privileges, the department shall, within ten days, notify the licensing authority of the state that issued the commercial driver's license.

M. When disqualifying, suspending, revoking or canceling a commercial driver's license, the department shall treat a conviction received in another state in the same manner as if it was received in this state.

O. The federal transportation security administration of the department of homeland security shall provide for an appeal of a disqualification for a commercial driver's license hazardous materials endorsement on the basis of a background check, and the department shall provide to a hazardous materials applicant a copy of the procedures established by the transportation security administration, on request, at the time of application.

P. New Mexico shall conform to the federal transportation security administration of the department of homeland security rules and shall "look back" or review a maximum of seven years for a background check. (66-5-68 NMSA 1978)

All fines or forfeitures collected upon conviction or upon the forfeiture of bail of any person charged with a violation of any of the provisions of this ordinance shall be paid into the municipal treasury. (*)

12-12-17 OFFICIAL MISCONDUCT.

Failure, refusal or neglect on the part of any judicial or other officer or employee receiving or having custody of any fine or forfeiture, either before or after a deposit in the municipal treasury, shall constitute misconduct in office and shall be grounds for removal. (*)

12-12-18 AUTHORITY TO REMOVE OR RELOCATE VEHICLES.

A. Definitions--For purposes of this section:

(1) "Chief" shall mean the Chief of Police of the municipal police department or his designated representative.

(2) "Impound" shall mean the towing and storage of a motor
XII-10

vehicle as authorized in this section.

(3) "Owner" of a vehicle shall mean the registered owner or owners of a vehicle as recorded with the New Mexico department of motor vehicles or similar agency of a state outside New Mexico. Where written notice to the owner is required by this section, such notice shall be given to each registered owner. Where appearance of the owner is required by this section, appearance may be by a person authorized by the owner to appear on his behalf.

(4) "Sign" shall mean a printed notification to the public giving notice of the possibility of removal of a vehicle by stating that the area is a tow-away zone, or that the violation of the restrictions stated on the sign may result in towing, and the sign must be readily visible from the point of removal.

(5) "Written Notice" shall mean notice sent by certified mail, return receipt requested, to the last known address of the owner:

a) When such notice is required under the terms of this section, weekends and holidays shall not be included when calculating the time for mailing notice.

b) When a vehicle is registered in a state outside New Mexico, the Chief shall make all reasonable and diligent efforts to ascertain the name and address of all registered owners. If the name and address information for an in-state or out-of-state registered vehicle is not available soon enough to meet the time deadlines for mailing written notice, then the notice shall be mailed as soon as possible after the information is received.

c) As a valid substitute for "written notice" as defined herein, notice may be given by personal service or in any other reasonable manner, so long as actual notice is given to at least one owner within the time limits provided. Notice may be effected by verbal notice to an owner, or to the driver or passenger of a vehicle, if the driver or passenger reasonably appears to have custody of the vehicle with the owner's knowledge and permission. Verbal notice to the owner, driver or passenger shall be valid, however, only if the person so notified is given all the information required in the written notice and the person is given in writing a phone number where the owner, driver or passenger can obtain further information from a municipal employee.

d) If notice cannot be given per the other provisions of this paragraph, notice shall be given by publication once in a newspaper of general circulation in the community as soon as practicable after reasonable and diligent efforts to give notice as provided elsewhere in this paragraph prove fruitless. (*)

B. Prohibition of Removal and Relocation.

It is unlawful for a municipal officer, or any municipal employee, to remove or relocate, or cause to be removed or relocated, any unattended vehicle from any street, alley or public way within the municipal corporate limits, except as provided in this section. (*)

C. Impoundment of Vehicles Generally.

(1) Any vehicle impounded pursuant to this section shall be towed in accordance with state and local law to an authorized private storage facility or an area designated or maintained by the police department or by the municipality. The person authorizing impoundment shall issue signed and dated instructions in writing to the storage facility specifically stating whether the vehicle is to be held for investigation or as evidence, or whether it may be released to the owner after all attendant charges have been satisfied pursuant to Subsection H of this section. If the vehicle has been in storage for over 30 days after written notice is given and no hearing has been requested or the vehicle has not been claimed per the provisions of this section, then the storage facility operator may sell the vehicle per the provisions of applicable state law.

(2) If any vehicle is about to be removed, relocated or is in the process of being removed or relocated and the owner thereof or his agent appears and claims the vehicle and agrees forthwith to remove it or relocate it, such vehicle shall be delivered to such owner or agent upon demand therefore and upon furnishing satisfactory evidence of identity and ownership or agency. If any such owner or agent shall fail, refuse or neglect to forthwith remove such vehicle, such vehicle shall nevertheless be impounded or relocated. Removal by such owner or agent shall not relieve the offender of liability for any towing costs already incurred or for any fine or penalty for the violation of any law or ordinance for which the vehicle was to be removed or relocated. (*)

ek) when any vehicle is parked or standing in a manner so as to obstruct necessary emergency services, law enforcement services, the routing of traffic at the scene of a disaster, or when removal is otherwise necessary in the interest of public safety because of any emergency, and moving the vehicle to a legal parking location is impractical. However, the owner or operator of a vehicle so relocated or removed shall not be subject to any relocation, removal or storage charges, if the vehicle is otherwise lawfully parked. Such charges shall be paid by the municipality, except that in the case of emergency utility repairs such charges shall be paid by the utility company seeking removal;

g) a statement that the owner may obtain release of the vehicle by posting bond or paying all amounts due under this ordinance;

h) a statement that the owner has the right to contest the validity of the impoundment or relocation by requesting in writing a hearing before the municipal judge within thirty (30) days after written notice is given;

i) a statement that failure to obtain release of the vehicle if impounded will cause it to be sold or otherwise disposed of in accordance with state law; and

j) a phone number and name or title of a municipal employee from whom the owner can obtain further information.

(3) The hearing, if requested in a timely manner, shall be held within 120 hours (excluding weekends and holidays) of receipt of the request unless the hearing is continued with the agreement of the owner. The municipal judge's decision shall be limited to:

a) whether the vehicle was lawfully impounded or relocated for one or more of the reasons set forth in Subsection D of this section and

b) whether the vehicle, if lawfully impounded, should be released at the City's expense.

Upon receipt of the request for a hearing on the legality of an impoundment, the municipal judge shall notify the storage facility of the hearing and no lien shall be foreclosed by the storage facility as allowed by state law until the judge has ruled on the legality of the impoundment. If the municipal judge finds that the vehicle in question was not lawfully impounded or that the vehicle should otherwise be released at the municipality's expense, he shall issue and date a Certificate of Release, indicating the unlawful impoundment, or the release at municipal expense, or both, and a copy of the release shall be given to the owner of the vehicle. Upon receipt of the owner's copy of such certificate, the authorized storage facility having custody of the vehicle shall release the vehicle to its owner and towing and storage fees shall be paid by the municipality in accordance with arrangements to be made between the municipality and the authorized storage facility. If the owner fails to present such certificate to the authorized storage facility having custody of the vehicle within 24 hours of its receipt, excluding days when the authorized storage facility is not open for business, the owner shall assume liability for all subsequent storage charges. The certificate shall advise the owner of such requirement.

district court. (*)

GF. Abandoned Vehicles.

(1) Any municipal police officer, or any municipal employee who is authorized to direct traffic or enforce state or local parking or motor vehicle laws, may order the impoundment of any abandoned vehicle within the municipal corporate limits. A vehicle is abandoned if:

a) the vehicle is parked on or along any street, alley or public way and the vehicle displays no current license plate; or

b) the vehicle is left unattended on or along any street, alley or public way in the same place for a period of 72 hours without a valid police sticker as defined in paragraph 2 of this subsection.

(2) The Chief may issue a sticker temporarily permitting street storage, upon application of any owner or agent of an owner for any vehicle which is operable and has a current license plate. Stickers shall expire fifteen (15) days after issuance. No owner, whether an individual, business, corporation, organization, partnership or trust, is entitled to more than four stickers at any time.

(3) When a vehicle is abandoned on or along a street, alley or public way under circumstances which do not allow summary removal or relocation pursuant to subsection D of this section, a notice shall be attached to the vehicle in a manner which is readily visible containing the following information:

a) the date and time the notice is affixed to the automobile;

b) a statement that, pursuant to this section of this ordinance the vehicle will be considered abandoned and may be towed and stored at the owner's expense if it is not removed within ten (10) days of the time that the notice is affixed;

(4) Written notice containing the same information specified in paragraph 3 of this subsection plus the location and a description of the vehicle shall be mailed to the owner of the vehicle within 24 hours after the notice is affixed. However, if written notice is not given within 24 hours after the notice is placed on the vehicle, then the ten (10) day waiting period shall be extended the amount of time between the placing of notice on the vehicle and the giving of written notice.

(5) Upon timely receipt of a request for a hearing, the municipal judge shall order a delay of the impoundment of the vehicle until after the hearing.

(6) The hearing, if requested in a timely manner, shall be held within 120 hours (excluding weekends and municipal holidays) of receipt of the request, unless the hearing is continued with the agreement of the owner. At the hearing, the municipal judge shall only determine whether the vehicle is or is not abandoned.

(7) If the municipal judge determines that the vehicle is abandoned, he shall so notify the Chief, who shall cause the impoundment of the vehicle, unless the vehicle is removed within 24 hours of the judge's decision.

(8) If the vehicle is removed pursuant to paragraph 7 of this subsection, a person challenging the impoundment shall be entitled to challenge the decision of the municipal judge by appeal to District Court.

(9) If an abandoned vehicle is impounded, and the owner has not obtained a hearing prior to the impoundment, the owner may file a request for a hearing with the municipal judge on the legality of the impoundment within thirty (30) days after impoundment. Upon receipt of the request for a hearing, the municipal judge shall notify the storage facility of the hearing and no lien shall be foreclosed by the storage facility as allowed by state law until the judge has ruled on the legality of the impoundment. If the municipal judge rules that the impoundment was illegal, then the municipal judge shall issue and date a Certificate of Release and a copy of the release shall be given to the owner of the vehicle. Upon receipt of the owner's copy of such certificate, the authorized storage facility having custody of the vehicle shall release the vehicle to its owner and towing and storage fees shall be paid by the municipality in accordance with arrangements to be made between the municipality and the authorized storage facility. If the owner fails to present such certificate to the authorized storage facility having custody of the vehicle within 24 hours of its receipt, excluding days when the authorized storage facility is not open for business, the owner shall assume liability for all subsequent storage charges. The certificate shall advise the owner of such requirement. (*)

HG. Impoundment for Investigation Evidence or Forfeiture.

(2) a vehicle which is lawfully seized pursuant to state or federal law. (*)

II. Release of Vehicles.

(1) The municipal judge or his designated representatives may order the release of an impounded vehicle if a hearing has been requested on the legality of impoundment and upon the posting of bond as set by the municipal judge or his designee. When bond is posted the vehicle shall be released into the possession of the owner or his designee.

(2) In all other cases, upon proof of ownership, an impounded vehicle shall be released only after payment of the accumulated penalties by the owner or his designee, as provided in subsection I.

(3) The owner shall forfeit the bond if the owner fails to appear at the hearing before the municipal court.

(4) The owner shall be entitled to reimbursement from the municipality for all bonds posted and penalties paid if after hearing and appeal, if any, it is determined that the impoundment or relocation was not valid.

(5) This subsection does not authorize release of any vehicle held for investigation or as evidence of a crime or seized pursuant to state or federal law. Such vehicle shall be released only upon the written order of the police officer responsible for its impoundment or upon an affirmative written statement by the Chief that such vehicle is no longer needed for investigative or evidentiary purposes or for forfeiture proceedings. The municipality shall bear the cost of towing and storage for such impoundments. (*)

II. Penalties.

(1) Each time a vehicle is lawfully towed or relocated pursuant to this section the owner shall pay a fine of fifty dollars (\$50.00), unless the municipality is required to pay for removal or relocation.

(2) Each day a vehicle is stored pursuant to a lawful impoundment, the owner shall pay a fine of ten dollars (\$10.00) a day unless the municipality is required to pay for removal or relocation.
